

Complimentary Services & Fee Schedule

Since 1948, Arsenal has been providing members with low-cost, high-quality financial products and services. As technology progresses, we roll out the newest, most cutting-edge innovations for online and mobile banking that we know our members want, and we do so at no cost to them. This includes mobile check deposits (remote deposit capture) and various types of mobile payments (Apple Pay, Android Pay and Samsung Pay).

Most of the products and services we offer, in fact, are provided at no cost. No business is able to offer everything for free. Fees are needed, in some cases, to cover expenses or change behaviors.

If you compare our fees with other financial institutions, you will find that we charge fewer and lower fees than competitors. Many banks, however, make it difficult for you to do side-by-side comparisons because they aren't as open and upfront with their fees as we are. Obviously, they have something to hide and we don't. We want you to know about our fees upfront, before you make any transactions and have a dispute on your account. You can easily avoid most of the charges in this Fee Schedule.

If you are unsure about certain fees listed, please feel free to contact us at 314.962.6363 or 618.239.6363. You can also stop by a branch to speak with a member service representative.
